Industry News Updated Online 24/7 avecmedia.fi

For the Industry. Every Day.

Avecmedia is Finland's largest independent media platform for the hospitality and event industries. Our field covers restaurants, bars, cafés and institutional kitchens, as well as clubs, festivals and event venues, places where people gather around experiences

Avecmedia is followed by both industry professionals and enthusiasts.

Every day we cover the most talked-about news from across Finland. Avecmedia also provides in-depth content on working life, business, leadership and wellbeing at work. While we examine the restaurant, event and beverage industries critically, we always do so with a solution-oriented approach. We also celebrate success stories and share moments of achievement with our readers.

Avecmedia is home to respected trade publications and industry awards. Content from Aromi, Shaker and Evento is published through Avecmedia, which also serves as the platform for the PRO Gala and Evento Awards.

We collaborate closely with several regional media brands to ensure we are present where things happen and where our readers are. Our partners include Helsinki News, Vantaan Sanomat, Länsiväylä, Tamperelainen and Keskisuomalainen.

Continuous development and user experience are priorities for us, and Avecmedia excels particularly on mobile devices. We engage readers through social media, newsletters and ongoing face-to-face encounters in restaurants and at events.

Welcome aboard!

A High-Impact Advertising Format on Avecmedia!

TOPSCROLL/MIDSCROLL

A visually striking advertising format where page content smoothly scrolls over the advertisement. The same creative appears as a midscroll placement on the homepage and as a topscroll placement on article pages. Separate desktop and mobile versions are required. Safe area requirements vary by material type. Please always refer to the latest detailed material specifications at adnami.io/specs. Video content is also supported in this advertising format.

MATERIAL DELIVERY

You will receive an upload link by email for submitting the campaign materials. Please submit the materials via the link by the specified deadline. More detailed instructions for material delivery can be found in Meks Lataamo.

LATE MATERIAL DELIVERY

If online advertising material is not delivered by the deadline in the correct format, is damaged or non-functional, or does not meet publication requirements, Mediakonserni Keskisuomalainen cannot guarantee that the advertisement will be published at the requested time.

Late delivery or malfunctioning campaign materials may prevent the campaign from starting as scheduled and may also prevent campaign reporting. Any additional costs will be deducted in proportion to the campaign impressions lost due to the delay. The campaign will still be invoiced at 100%.

HTML5 MATERIAL GUIDELINES

The initial load should be kept as small as possible, and unnecessary requests should be avoided. Additional downloads after the initial load should be minimized wherever possible. If post-load content is essential for the advertisement, the maximum file size of the additional load may not exceed the size of the initial load.

For more information, please refer to the IAB HTML5 advertising guidelines.
